

VACANCIES

HEAD OF HIGH PERFORMANCE

HEAD OF NATIONAL CRICKET DEVELOPMENT

Sri Lanka Cricket is the governing body for cricket in Sri Lanka and is responsible for the development, performance and growth of cricket in Sri Lanka.

In the role of the above you will be a key member of the management team with responsibility for the design, evolution and successful implementation of Sri Lanka Cricket's Performance Strategy. The role will attain alignment and a commitment to implement this plan across a talented and professional team of coaches, players and staff.

The individual will play a pivotal role in leading Sri Lanka Cricket's performance system and team responsible for the delivery of its program across the Senior/ Junior coaching spectrum and all pathway levels. This role has been designed to support player and coach performances and results through effective creation and delivery of a strategic plan, developed in cooperation with the National Head Coaches and key partners to achieve SLC's vision of success.

You will have experience in management within an elite sport including player recruitment, list management and talent identification. You will be a dynamic leader with an ability to build positive and collaborative relationships and credibility with elite level players, coaches and stakeholders.

The applicant should demonstrate business skills including planning, budgeting and leading successful change management programs.

A passion for excellence is key, a demonstrated track record of success in a competitive environment as a motivator of elite athletes, coaches and support staff. As a highly effective communicator and leader, the successful candidate will be energetic and resilient with an ability to influence at all levels.

Interested applicants are invited to Forward the CV to reach the undersigned by email or registered post on or before 30th September 2019

HR Manager, Sri Lanka Cricket, No. 35 Maitland Place, Colombo 7
