

About us

SriLankan Airlines Ltd (SLA), the national carrier of Sri Lanka operates with a network of destinations throughout Asia, the Middle East, Europe and Australia. The airlines has a strong presence in Maldives and Southern India. SriLankan is a member of the 'oneworld' alliance.

Job Description

"Take Flight with Cutting-Edge Information & Communication Technology in Aviation!"

Are you ready to soar to new heights in the dynamic world of Aviation Information and Communication Technology?

With continuous learning, early responsibility, and extensive networking, our graduate opportunities in IT are a great way to start a successful career to thrive in the fast-paced aviation industry.

SriLankan Airlines is a pioneer in implementing state-of-the-art digital & IT innovation in the region. This is an exciting opportunity for highly motivated individuals to work in a fast-paced customer-focused environment.

Our Graduate Programme is 24 months in length, where you will specialize in Cyber Security within SriLankan Airlines.

Associate Cyber Security & Compliance Engineer

Associate Cyber Security & Compliance Engineers in the graduate program will play a vital role in ensuring the security and compliance of SriLankan Airlines' information systems. Successful candidates will work in tandem with the Cyber Security team and get exposure to the latest technologies in Cyber Security complemented with Machine Learning, Artificial Intelligence, and Threat Intelligence. Successful candidates are required to assist in implementing and maintaining security measures to protect our network infrastructure, systems, and data from cyber threats. Additionally, they are required to support the compliance efforts of the Airline by assisting with audits, assessments, and regulatory requirements.

Requirements

The proposed Graduate Program will be open for:

University graduates who have completed their studies within the last twelve (12) months in Information Technology, Computer Science, Management Information Systems (MIS), Data Science, Information/ Cyber Security, Engineering, or any other relevant field from recognized universities.

The upper age limit should be 35 years as at the closing date 06th September 2023.

Be a Sri Lankan Citizen.

Influencing will be a reflection of unsuitability.

We are an equal opportunity Organization.

Please note that we will correspond with you within a month of closing the advertisement in the event your application is shortlisted for consideration.
