

We are Sri Lanka's premier private sector commercial bank. Our visionary journey has taken us beyond the realms of business as we have made a conscious effort to go where no bank has dared to go; from downtrodden villages long-forgotten, to the world across the shores. The driving force behind this epoch-making journey is our strong team of achievers, affectionately known as the Hatna Family. As we continue to make history and move ahead, we invite dynamic and ambitious individuals to join us in our trailblazing banking saga.

# We are looking for bright minds to help us create a world of happy experiences.

## DIGITAL DELIVERY SPECIALIST

### Job Profile

The Digital Delivery Specialist will take responsibility for providing support for managing the end-to-end delivery of digital projects, product enhancements and technology infrastructure changes related to same.

### Duties and Responsibilities

- Drive project delivery to plan, within agreed quality as required deadlines and in line with business requirements.
- Drive the digital teams to work at pace, ensuring the teams are working towards delivery commitments.
- Documenting plans and roadmaps for delivery of key features across the digital landscape.
- Timely deployment of digital solutions.
- Proactive problem solving and monitoring metrics regularly.
- Stakeholder management
- Implementing technical enhancements to digital products.
- Ability to learn diverse technologies, techniques, and topics.
- Providing insights to improve digital systems and associated processes

### Academic/Professional Qualifications

- B.Sc. in Computer Science or other equivalent technical discipline.

### Work Experience

- Minimum 2 years of relevant experience helping to set up and support the running of digital projects.

### Core Competencies

- Strong written and oral communication skills.
- Team work and collaboration.
- Attention to detail.
