THE MARKET LEADER IN LIFE INSURANCE

CEYLINCO LIFE®
A Relationship For Life™

ASSISTANT MANAGER - IT INFRASTRUCTURE AND SECURITY

For more than 36 years, we've helped millions of Sri Lankans lead more fulfilling lives. By taking care of their risks, we've given them the strength to dream big, and the peace of mind to follow those dreams. As we look ahead to the next 36 years, we're seeking the right individuals to lead us into a better, brighter future for us all.

The Job

The position will play a crucial role in ensuring the reliability, security, and efficiency of the Company's IT system by

- Designing and overseeing the implementation of enterprise security architectures and maintenance of the IT infrastructure, including network, servers, firewalls and storage system
- Implementing technical controls to comply with ISO 27001, ISO/IEC 27017, ISO/IEC 27033
- Conducting regular security and vulnerability assessments to identify and mitigate potential risk
- Investigating security incidents to determine root cause and implement corrective actions to prevent recurrence

The Ideal Candidate

- Bachelor's degree in Information Technology, Information Security or Cyber Security related fields from a recognised university
- Strong knowledge & experience in networking concepts, including TCP/IP, VLANs, VPNs, and firewalls
- Minimum of 3 years' experience in the relevant field
- Preference will be given to candidates residing close to Colombo

The Rewards

An attractive remuneration package awaits the right candidate.

The Application

If you feel like you're the right person for this role, please forward your updated CV to **jobs@ceylife.lk**. Please mention **'Assistant Manager - IT Infrastructure and Security'** in the subject line of the email.
