THE MARKET LEADER IN LIFE INSURANCE

ASSISTANT MANAGER - SYSTEM ADMINISTRATOR

For more than 36 years, we've helped millions of Sri Lankans lead more fulfilling lives. By taking care of their risks, we've given them the strength to dream big, and the peace of mind to follow those dreams. As we look ahead to the next 36 years, we're seeking the right individuals to lead us into a better, brighter future for us all.

The Job

- Perform daily, weekly and monthly server maintenance tasks, including patch management, performance monitoring, application change management and log analysis
- Conduct periodic data backups and coordinate Disaster Recovery (DR) drills with software application support partners
- Maintain and troubleshoot Enterprise Server (RHEL) systems and Windows servers
- Automate processes and system administration tasks using scripting tools such as MS SQL, UiPath will be an added advantage

The Ideal Candidate

- Bachelor's degree in Information Technology or Information Security or related qualification from a recognised university

- Minimum of 3 years' experience in Linux system administration, specifically with Red Hat Linux Enterprise and MS Windows Server
- Industry certifications such as CCNA, MCSA, SUSE Linux, or VMware ESXi are a strong advantage
- Preference will be given to candidates residing close to Colombo

The Rewards

An attractive remuneration package awaits the right candidate.

The Application

If you feel like you're the right person for this role, please forward your updated CV to jobs@ceylife.lk. Please mention '**Assistant Manager - System Administrator**' in the subject line of the email.
