

Manager - IT Security Information Technology Department

DO YOU EMBRACE
PERSEVERANCE, DISPLAY
RESILIENCE, AND BELIEVE THAT
COLLECTIVELY

we can foster growth and progress together?

You should ideally;

- possess a degree in Computer Engineering or a full professional qualification in IT acceptable to the Bank. A qualification in CISSP / CEH will be a definite advantage
- possess 8 years' experience in IT in the domain of Banking & Finance, out of which at least 2-3 years' experience in IT Audit and implementing/supporting IT security
- possess a fair knowledge on security products and latest security frameworks
- possess good communication and interpersonal skills

You will be responsible for

- supporting the IT team in securing the IT Systems and infrastructure by analyzing, recommending and following up recommendations.
- supporting the standards and compliance efforts of the IT department
- maintaining and developing IT Procedure Manuals
- liaising with the Auditors/ external security partners
- conducting periodic review of access and new systems
- recommending appropriate controls to minimize the IT security threats
- coordinating with external departments and submission of necessary reports
- conducting IT Security training
- coordinating IT DR activities

We are an equal opportunity employer, committed to promoting an inclusive and diverse environment. Recruitment to the Bank is based solely on merit and competency irrespective of other characteristics that make our employees unique.

Any form of canvassing is discouraged. Correspondence will only be with the short-listed candidates.

Please apply via e-mail by sending an updated CV or a DFCC Bank application form which could be downloaded from our website to recruit@dfccbank.com

with the post applied for in the subject by 13 January 2025
