Lead Network Engineer

IT Department

DO YOU EMBRACE PERSEVERANCE, DISPLAY RESILIENCE, AND BELIEVE THAT COLLECTIVELY

we can foster growth and progress together?

DFCC BANK
Keep Growing

You should ideally

- possess bachelor's degree in computer science, information technology, or a related field (or equivalent work experience)

- have a minimum of 5+ years of experience in data center networking, with expertise in Cisco ACI being highly valued

- strong expertise in BGP, OSPF, and switching technologies, along with hands-on experience in Cisco Nexus (NXOS) and SDN solutions

- hold certifications such as CCNP/CCDA (Data Center or Routing & Switching), as they are highly valued

- be proficient in network automation using python or ansible and have experience with packet capture tools for traffic analysis

- be skilled in diagnosing complex issues in mission-critical environments while demonstrating strong analytical and communication abilities

- have the ability to lead projects independently while adhering to deadlines

You will be responsible for

- implementing and managing Cisco ACI-based data center networks, including multi-pod and multi-site architectures, while configuring Layer 3 routing and Layer 2 technologies

- overseeing the deployment of Nexus switches and related technologies

- designing scalable network solutions aligned with business needs while optimizing performance and capacity for the data center network

- establishing and enforcing best practices for network security and operational efficiency

- providing Level 2/3 support to resolve complex network issues, monitoring network performance using diagnostic tools, and addressing incidents promptly

- collaborating with cross-functional teams to support application migrations to the ACI fabric

- maintaining comprehensive documentation of configurations, processes, and troubleshooting while coordinating with vendors for upgrades and issue resolution

- providing technical guidance and training to junior team members

We are an equal opportunity employer, committed to promoting an inclusive and diverse environment. Recruitment to the Bank is based solely on merit and competency. Any form of canvassing is discouraged.

Correspondence will only be with the short-listed candidates.

Please apply via e-mail by sending an updated CV or a DFCC Bank application form which could be downloaded from our website to recruit@dfccbank.com with the post applied for in the subject By April 01, 2025.
