

Department of National Community Water Supply

“Opportunity for you to be a partner in the Rural Water Supply”

The Department of National Community Water Supply was established on 22nd September 2014 with the objective of uplifting the livelihoods of the rural people and eradicating their poverty by supplying safe drinking water and basic sanitary facilities ensuring the user satisfaction. By now, more than nearly 4 million rural people are reaping the benefits through the fulfilment of the water needs of the rural community.

The Community Water Supply makes a contribution of 12% to the water supply in Sri Lanka and it is expected to augment it to 20% by the Year 2020. Arrangements are underway to increase the Rural Water Supply under five Regional Offices in the Island. In order to streamline the work, opportunity is now ripe for the retired officers who were employed in the Sri Lanka Technical Service to make their contributions on contract basis towards this exercise.

Following tasks are expected to have executed from you upon recruitment.

1. Designing, formulation of plans on and construction of new water supply projects.
2. Rehabilitation / Improvement of the existing community water supply and sanitary schemes.
3. Implementation of the rain water collection projects.
4. Supervision of constructions.

Applications are invited from the Technical Officers retired from the public service for employment island-wide for the following vacancies.

Serial No.	Post	Service	No. of Vacancies
